

St. Joseph Cemetery – Earlville Iowa
Monument Regulations
August 2013

Double Monument The combined height of the base and headstone cannot exceed 36 inches in height at its highest point. The base is not to exceed 14 inches in width and 75 inches in length. Polished stone bases are not allowed, but the top 2 inches are allowed.

Single Monument The combined height of the base and headstone cannot exceed 40 inches in height at its highest point. The base is not to exceed 14 inches in width and 33 inches in length. Polished stone bases are not allowed, but the top 2 inches are allowed.

Bench-type monuments (instead of upright monuments) are permitted when they follow the above listed guidelines.

Monuments and benches that hold cremains are not allowed.

Before a monument can be installed, the monument company must have the monument order approved by the St. Joseph Cemetery office. Any order received without detailed specs (height, width, and the length of base and headstone, and if there is rough or polished edge on base) will not be processed. Orders can be e-mailed to dbq071bk@arch.pvt.k12.ia.us for approval.

All lettering on monument must be pre-approved. Profanity will not be allowed. Please submit proposed lettering to dbq071bk@arch.pvt.k12.ia.us.

St. Joseph Cemetery Association and its employees are not responsible for any damage incurred to monuments when moving them or when maintaining the cemetery.
